TEMPERANCE MEETING

Called For Thursday Night To Promote the Cause of Local Opinion.

A meeting of the temperance advocates of Cloverport has been called for Thursday night at the Methodist church. It is earnestly desired that every citizen of Cloverport who is interested in the movement to abolish the liquor traffic in this city should be present and lend his, or her, influence to the cause which should be championed by every Christian.

The decision rendered by Judge Chief in the Circuit Court to the effect that the election which resulted in a victory for the whiskey element was illegal, thereby making the operation of saloons in Cloverport a violation of the law, was a victory for the temperance advocates. The latter now propose to follow up this victory by every means possible to rid the town of the whiskey evil.

The decision of Judge Chief will be carried to the Court of Appeals, where a final hearing will be had. Should Judge Chief's opinion be sustained by the supreme court Cloverport will be rid of the saloon once again. To this end the meeting for Thursday night is called, so that no citizen of Cloverport should shrink at the idea of assisting himself in this meeting.

Why Washington Dines Early.

Washington dines early. In most cities throughout the country the people take their dinner late in the evening, but this is not true of Washington. Most of the people of this city eat the evening meal between 5 and 7 o'clock. The early evening dinner is particularly characteristic of Washington boarding houses and private families. The rule to a certain extent also applies to the various hotels, cafes and restaurants.

The reason for the early dinner of the residents of the nation's capital is obvious. Approximately there are 50,000 Government employees in the District. The various departments close at 4:30 o'clock in the afternoon. In most cases the clerks and officials have had only a small lunch at noon. Perhaps the noon meal is secured at a nearby restaurant. In the late hours dinner, of course, is served early and late. The cafe and restaurant proprietors, some of them, have late meals in readiness for their customers, but the rule is not general.

FIRE AT IRVINGTON

Does Considerable Damage—Heroism Displayed By Citizens Averts a Disastrous Conflagration.

The heroic efforts of several citizens of Irvington in all probability saved the little city from the most disastrous fire in its history. As it was the store house and stock of goods of S. B. Payne & Co. was burned, and the McCoy Hotel was partially destroyed, entailing a loss upon its proprietors, Mr. and Mrs. Pomp McCoy, with no insurance.

The bucket brigade did noble work and to the citizens comprising it is due the salvation of the town. The heroism displayed by old and young was most commendable. The hero of the hour was Mr. E. D. Shelman, assisted by Messrs. Ben Bates, Taylor Haynes and others of the bucket brigade.

Oldreive has wagered a stake of \$5,000 with a Boston citizen that he will complete the journey within the time limit.

Prof. Oldreive wears cedar boots and is called the "human boat." His wife, the champion oarswoman of the world, precedes him in a launch, and is at hand to assist should a mishap befall him.

Died in Louisville.

The death of Mrs. Rosa Prinz Schank occurred in Louisville on Tuesday last week. Death was due to bronchitis.

Mrs. Schank with her widowed mother, Mrs. Lou Prinz, formerly lived in Cloverport. Though her given name was Rose she was better known by Lolla, and the people here will remember her by that name. Mrs. Schank was much beloved by the people of Cloverport and her many friends here regret to hear of her death.

Deceased was thirty-five years of age. A husband, Mr. John L. Schank, and two small children survive. Messrs. J. C. and E. F. Nolte, of this city, are nephews of the deceased.

The burial was in Cave Hill cemetery.

The Spread Eagle is the largest passenger boat that has made this port since the Will S. Hays plied from Cincinnati to New Orleans.

During the stop here Captain Wm. Lye, in command of the Spread Eagle, visited his cousin, Mrs. Anna May, whom he had not seen for thirty years.

GREAT LESSON

Of Giving Praise And Expressing Our Honest Approval, We Should All Learn.

We, all of us, need to learn more the great lesson of giving praise. We are frequently afraid to praise in this world, far more ready to criticize than to approve. There are always hundreds ready to find fault; and to overcome the effects that petty criticism and senseless fault-finding frequently have with the best of us, it should be the duty of us all to say the word of honest approval whenever it comes to our heart to say it. We leave kindly words too often unexpressed in the heart. Let us speak them or write them when we feel them, and the world will be a easier and a better place for thousands of us.

Two well-known writers recently met and one complimented the other upon a recent piece of work. "I meant to write to you at the time, but I have hundreds would, and so I didn't want to add to your mail," he added. "Hundreds" said the author, "why, man, not a soul would me a word of praise; only a score or more to find fault."

The two men then made a compact, that thereafter when something was written, painted, acted or achieved by any one, whether or not they knew the man or woman, that particularly pleased them or that they approved of, they would say so in a note. These two men have done this, and the surprise with which their words of approval have been met was a revelation to them in showing how scarce was honest-expressed approval.—The Ladies Home Journal.

Fresh Australian Eggs For London.

A fresh development in the egg trade is now being brought before the notice of the London produce merchants, and may prove beneficial to the great body of consumers. For some years poultry farming has been taken up more and more by farmers and others in South Australia, and the quantity of eggs produced has increased so much that the local and Commonwealth markets cannot absorb the supply. It has therefore become necessary to export. To this end, the South Australian Government undertook to advance the freight on a small trial shipment, the producers themselves supplying the eggs, with the result that 700 cases of eggs were shipped by the steamship Britannia, and arrived in London Monday last.

They were graded, packed and chilled at this Government Produce Export Department, Port Adelaide, where they were accepted. As the result of the care taken to grade and pack, the eggs have arrived, it is declared, in first class condition. The eggs have not been frozen; they were merely chilled in the temperature proved after careful experiments to be most suitable. Although they have traveled 13,000 miles and have reached London about seven or eight weeks after laying, the consistency of the albumen and the condition of the yolks are said to be as good as when laid. It is claimed that the eggs will, poach or fry.—London Daily Mail.

How to Look Slim.
If you wish to look slim don't dress in white or light-colored materials. Shun all large patterns.

Stripes are more becoming than spots or checks, but narrow, not broad, stripes should be worn: Choose a material the pattern of which runs in perpendicular lines.

Short skirts are still very becoming; flowing draperies, on the other hand, give grace.

FIRE AT IRVINGTON

The Little City Suffers Bad Loss—Other News Notes of the Town and Vicinity.

Irvington, Ky., Jan. 8.—Our little city was thrown into a state of excitement Sunday at noon by the call of fire, and it was discovered that the storehouse of S. B. Payne & Co. was on fire and beyond control, but with the heroic efforts of the bucket brigade the McCoy Hotel was saved, but damaged to the extent of about \$500. Mr. and Mrs. Pomp McCoy, who occupy and operate the McCoy house, are greatly damaged, with no insurance. The hotel is owned by R. S. Bandy, who had no insurance on the building. Shelman & Co.'s bank was slightly damaged. Men and boys worked bravely, urged by the good women, to save the hotel, for in its loss a whole row of buildings would have gone.

Mrs. T. N. McGlothlin gave an informal reception Friday afternoon from 3 to 5 p. m., assisted by her two daughters, Misses Eva and Mabel McGlothlin, and Lillie McGlothlin and Mrs. D. C. Heron. The house was tastefully decorated in white and green. The following ladies were in attendance: Madames Edwin Graces, Lon B. Moorman, James Bate Herndon, Robert Wimp, Pearl H. McChes, Bate Washington, Charlie Chanberlain, Walter J. Piggett, David C. Heron, Nannie Jolly Wathen, Misses B. Ada Drury, Hallie Moore, Anna Lee Brady, Willa J. Drury, Resie Briggs, Ida and Rachael Madd.

All those who sustained a loss in the fire have many friends who will gladly lend any assistance in their power, and it is hoped that Mr. and Mrs. Payne will rebuild their business house and resume their work at the same place at an early date.

We are delighted to hear talk of a Commercial Club in Irvington. There always good accommodation when the business men of a town get to working in harmony. We shall look for great improvements along many lines.

Her Little Game.

As a married couple were walking down one of the main thoroughfares of a city the husband noted the attention which other women obtained from passers-by, and remarked to his better half: "Folks never look at you. I wish I had married some one better looking."

The woman tartly replied: "It's your fault. Do you think a man will stare at me when you're walking with me?"

"You step behind and see whether men don't look at me."

The husband hung back about a dozen yards, and for the length of the street was surprised to see every man stare at her hand at her and even turn around and look after her.

"Sure, lassie!" he exclaimed as he rejoined her, "I was wrong and take it back. I'll never say aught about your looks again."

The wife had made a face at every man she met.—Ladies Home Journal.

SMALL BLAZE

At the St. George Hotel Came Near Causing Disastrous Fire.

The timely discovery of a blaze in the upper rooms of the St. George hotel by Mr. A. R. Fisher on last Monday morning averted a disastrous fire. Mr. Fisher was on his way to his drug store at about seven o'clock when he discovered smoke issuing from the room and a large blaze playing about the window. He ran into the house and notified the occupants who rushed into the room to find it a mass of flames. The presence of mind of Mrs. Jordan, the proprietress, probably saved the house from total destruction. She grabbed a large feather bed, which was on fire, and throwing it against the walls, which were also ablaze, succeeded in smothering the flames. Buckets of water were dashed upon the burning furniture and the fire was put out.

The fire is supposed to have originated from the explosion of a lamp, which was left burning in a room occupied by a drummer the night previous. No insurance was carried on the building. However, the loss is trivial.

"I had tried everything for my baby until Dr. Lyle recommended Cascaeset. I can truthfully say it is the best medicine I ever used for my baby. My little baby was a mere skeleton on stomach trouble—so bad that she did not notice anything, but is now entirely well, and we can almost see her grow."—Nannie L. Taylor, Bedford, Va. Cascaeset is sold by all druggists.

THE POSTOFFICE IN PRIVATE HANDS.

W. D. Boyce, a business man of Chicago, has, on behalf of a syndicate, a proposition to take over the postoffice department and operate the same as a "private affair for public benefit."

Boyce agrees to pay the government rental for the postoffice buildings and to pay to the government, also, all of the profits above seven per cent. on the investment. He guarantees that he will reduce the present rate of postage by one-half; that he will extend the rural free delivery so that every farmer in the land will have the advantages of that service, and that he will add a postal express proposition so that packages may be distributed by the rural carriers outside the mail.

If the Republican leaders' hostility toward public utilities is well grounded, why not give serious consideration to this Chicago proposition? This hostility is not, however, well grounded. Men know that with all of its present day shortcomings the postal department, in the hands of the government, gives to public affairs better service than it would in private hands. When any one proposes to place under private control a public department so near and dear to the people as the postoffice, there is no difficulty in convincing even thoughtful Republicans that the suggestion is "undesirable and intolerable."

As this is true with respect to a monopoly in the postoffice, so it is true with respect to a monopoly in any of the necessities of life. "A private monopoly is indefensible and intolerable."—The Commonwealth.

It is like the penny in the

because there is something
astonishing about it.

Scott's Emulsion is simply

Children take it naturally
because they like the taste
and the remedy takes just
as naturally to the children
because it is so perfectly adapted

Thousands Have Kidney Trouble and Don't Know It.

How to Find Out.
Fill a bottle or container with your water and let it stand twenty-four hours. A sediment or settling indicates an unhealthy condition of the kidneys. If it remains clear, your system is in evidence of kidney trouble. A frequent desire to pass it or pain in the back is also a convincing proof that the kidneys and bladder are out of order.

What to Do.
There is comfort in the knowledge so often expressed, that Dr. Kilmor's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidney, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and get up many times during the night. The remedy is the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in 50c. and \$1.00 bottles.

You may have a sample bottle of this wonderful discovery and a book that tells you more about it, both sent absolutely free by mail. Address Dr. Kilmor's Swamp-Root Co., Reading, N. Y. When writing mention this generous offer in this paper.

Don't make any mistake but remember the name, Swamp-Root, Dr. Kilmor's Swamp-Root, and the address, Reading, N. Y. to every bottle.

BUNCHED PARAGRAPHS

VERBAGE CAREFULLY AVOIDED IN THESE ITEMS.

Important Events, Occurring Both at Home and Abroad, Will Be Found Briefly Chronicled and Fully Arranged in This Column.

Thomas Brown, 35, well known as a whistler, died at the Riverside hospital in Yonkers, N. Y. His wife, Mrs. Eva Brown, is an actress.

Major General Von Der Lammitz, prefect of police of St. Petersburg, was shot and killed by a young man at the institute of experimental medicine at St. Petersburg.

Investigation of the connection of John R. Walsh, former president of the Chicago National bank, with the failure of that institution, was commenced by special federal grand jury.

French War Minister Piquart, accompanied by chiefs of staff of the army and navy and inspectors general of artillery and engineers, left Paris for the United States on a tour of inspection.

When the proper time arrives Benjamin R. Shively, formerly congressman from the Thirteenth Indiana district, will formally announce his candidacy for the Democratic nomination for vice president of United States.

Fire destroyed a block of buildings at London, Ky.

An oil gusher flowing 1,500 barrels a day, exceeding anything on record in Indiana Territory oil fields, was brought in near Sapulpa.

Mates, deckhands and firemen employed by the various coal companies operating boats in the Pittsburgh harbor struck for an increase in wages averaging about 13 per cent.

Depressed over his defeat for reelection, Thomas T. Temple, who was registrar of deeds for Suffolk county, took his own life at his home in Newport, Mass., by inhaling gas.

James McCrea of Pittsburgh, first vice president of the Pennsylvania lines west of Pittsburgh, was elected president of the Pennsylvania Railroad company, to succeed the late A. J. Cassatt.

A dozen persons were injured, 40 families were made homeless, 50 horses were roasted to death and some, for rheumatism twists harder, having sharper, catarrh become more annoying, and the many symptoms of scrofula are developed and aggravated.

There is not much poetry in this, but there is truth, and it is a warning to those people don't get of these ailments. The medicine that cures them—Hood's Sarsaparilla—is easily obtained and there is abundant proof that its cures are radical and permanent.

Want Receiver For Rock Island.
Guthrie, O. T., Jan. 2.—A large number of mill men and grain, lumber, cotton and coal dealers in Oklahoma and Indian Territory, who are petitioning for the appointment of a receiver for the Rock Island railroad, alleging inability on the part of the corporation properly to handle the freight and passenger business offered to it for transportation. The petition is the direct outcome of the car shortage, from which the interests represented by the signers of the petition are still suffering.

DROP FELL

Before Notice of Commutation of Sentence Reached the Sheriff.

Vicksburg, Miss., Jan. 4.—Will Harvey, a negro, was hanged at Mayersville, Miss., three minutes before notice that his sentence had been commuted reached the sheriff of Issaquena county. Harvey's attorney was notified by Governor Vardaman that the negro's sentence had been commuted to imprisonment for life. He hurried to the telephone and put in a call for the Issaquena sheriff. The latter did not reach the telephone until three minutes after the drop fell. Harvey was sentenced to be hanged for the murder of another negro, named Pete Brown, in March last.

Oil Indictments Valid.
Chicago, Jan. 4.—Judge Landis in United States court overruled the demurrer of the Standard Oil company to eight indictments returned against that corporation, but sustained the demurrer as to two other indictments because of technical defects. These prosecutions, said the court, are for alleged violations of the Elkins law. The charges is that the defendant obtained transportation of its property by various railway companies at rates less than those named in the carrier's published schedules.

Ultimatum to Harriman.
Peoria, Ill., Jan. 2.—Grand Master John J. Hannahan of the Brotherhood of Locomotive Firemen and Engineers telegraphed a second ultimatum to E. H. Harriman of the Southern Pacific railroad, warning him of the impending drastic measures that will be placed into effect unless he exercises his powers to terminate the grievances now pending.

Rajah Killed.
The Hague, Jan. 1.—The famous Rajah of Goo, island of Celebes, Dutch East Indies, who for many years caused trouble to the government authorities, was found dead in a ravine.

The Spirit of Winter.

The Spirit of Winter is with us, making its presence known in many different ways—sometimes by cherry sunshine and glistening snows, and sometimes by driving winds and blinding storms. To many people it seems to take a delight in making bad things worse, for rheumatism twists harder, having sharper, catarrh become more annoying, and the many symptoms of scrofula are developed and aggravated. There is not much poetry in this, but there is truth, and it is a warning to those people don't get of these ailments. The medicine that cures them—Hood's Sarsaparilla—is easily obtained and there is abundant proof that its cures are radical and permanent.

Mistakes Wife For Burglar.

Paducah, Ky., Jan. 4.—George C. Kolb, a young wholesale druggist, shot and probably fatally injured his wife, formerly Miss Brightie Lyle, a popular society girl. He retired late and about 3 o'clock awakened from his sleep. He saw a form coming near him and his first thought was of burglars. Seizing a pistol from under his pillow he fired. The first shot missed, but the second penetrated the neck of his wife's chest and grazed a lung. Physicians pronounce her case hopeless. He is prostrated with grief, as also is his mother-in-law, Mrs. Georgia Lyle.

After the Ball.
Lexington, Ky., Jan. 3.—In a fight at Pine Top, Knott county, Harrison Stone, Walter Hanks and Walter Thomas were killed and others wounded. On account of the inaccessibility of that section of Knott county complete details of the tragedy have not been secured. It was learned that Stone and Thomas and others met at a country dance and drank too much whisky. There had been ill feeling between the Stone and Thomas families for years and, heated by the liquor, the men quarreled. They were put out of the house and outside a general fight ensued. Friends of Stone and Thomas followed them outside. Hanks did not take part in the shooting.

Passenger Train Wrecked.
Lexington, Ky., Jan. 2.—Eight people were seriously injured and 24 others badly shaken up in a wreck on the Louisville & Atlantic railway, 40 miles from Richmond, Ky. The most seriously injured are: Albert Wilson, his two sons, Edward and Clasper; the wife and child of Edward Wilson, all of this city, and three passengers whose names are unknown. Wilson's hand was burned completely off. Mrs. Wilson was burned severely about the body. The wreck was caused by a broken flange on the pony trucks of the engine. The engine and one coach jumped the track, turning completely over. The injured are at the Richmond hospital.

Dam Gave Way.
Madisonville, Ky., Jan. 3.—The dam of the big artificial lake at Earlington, four miles south of this city, broke and destroyed much property, among which was a number of residences, which had been erected by the occupants when it was learned that the dam was about to give way. It was a body of water covering about 100 acres, and this amount of water was turned into a rich farming country below the dam, naturally causing a great loss, but no estimate can be made at this time.

Handle Combline.
Nashville, Tenn., Dec. 31.—The Southern Handle company of Memphis, the Royal Handle company of Nashville, Ark., the Southern Handle company of Huntsville, Ala., and the Bernar Handle company of Manor, Pa., were merged into the Consolidated Handle company, with a capital of \$1,000,000. Memphis will be the headquarters of the concern and the eastern office will be located in Pittsburgh. P. M. R. Grace of Memphis is president of the new company.

Church Burned.
Lexington, Ky., Jan. 3.—In the middle of the sermon at the Church of the Assumption the congregation was terrified by the crash of a falling chandelier and the discovery that the entire roof of the edifice was in flames. Father James Romayne succeeded in preventing a panic and the congregation escaped safely. A groto block of the church was credited as the scene of miraculous cures drawing many pilgrims here.

Tebau's Plans.
Louisville, Ky., Jan. 3.—The stockholders of the Louisville baseball club elected Thomas A. Barker, an attorney, president, and Thomas Chivington, formerly of Milwaukee, vice president and manager. Owner George Tebeau will remove to Kansas City and devote the major portion of his time hereafter to the club, which he owns in that city, with Nate Wilbur as secretary.

Thrown Out of Court.
Nashville, Tenn., Jan. 3.—The injunction granted John D. Fletcher and Hayden Dodd, enjoining the state of Tennessee from purchasing 11,000 acres of coal land in the Cumberland mountains, was dissolved by Chancellor Allison. This throws the case out of court.

COULD NOT REST
NIGHT OR DAY

With Irritating Skin Humor—Whole Body Affected—Scalp Itched All the Time and Hair Began to Fall Out—Wonderful Result From

APPLICATION OF
CUTICURA REMEDIES

"I am never without Cuticura Soap and Cuticura Ointment since I tried them last summer. About the latter part of July my whole body began to itch. I did not take much notice of it at first, but it began to get worse all the time, and then I began to get uneasy and tried all kinds of baths and other remedies that were recommended for skin humors; but I became worse all the time. My hair began to fall out and my scalp itched all the time. Especially at night, just as soon as I would get in bed and get warm, my whole body would begin to itch and my finger nails would keep it irritated, and it was not long before I could not rest night or day. A friend asked me to try the Cuticura Remedies, and I did, and the first application helped me wonderfully. For about four weeks I would take a hot bath every night and then apply the Cuticura Ointment to my whole body; and I kept getting better, and by the time I used four boxes of Cuticura I was entirely cured, and my hair stopped falling out, but I continue to use the Cuticura on my scalp. It keeps all dandruff out and scalp is always clean. I always use Cuticura Ointment on my face after shaving, and have found nothing to equal it. I will never be without it." D. E. Blankenship.

RECOMMENDED TO ALL MOTHERS

"I have used Cuticura Ointment for chafing of infants, and as they grew older all skin diseases were given treatment with that and the Cuticura Soap. I never found it necessary to call a doctor, as these Remedies are a sure cure, if used as directed. I am glad to recommend them to all mothers." Sincerely yours, Mrs. F. A. Kennard.

The Bank of Hardinsburg and Trust Company in presenting this statement again calls your attention to its strong directorate, to its ever increasing strength in resources, surplus and profits, and to its very conservative manner of conducting business. These are the characteristics which have brought such large patronage to this bank, and it is on these it depends for future success.
